A block of rooms have been reserved under Technical Measures at the special rate of \$80.00/night (requires 30 days pre booking)

**With Dr. Greg Hetland (Founder of the Institute – <http://www.iigdt.com/>)**

Dr. Hetland has 30+ years experience in the Aerospace, Defense and Commercial Industries with extensive expertise in the Mechanical and Precision Engineering fields as an Engineer, Manager, Consultant, Educator and Author.

Furthering our continued interest in Precision Metrology, Technical Measures Inc. is pleased to work with Dr. Hetland to bring him to Canada again and offer this course.

Do you or someone you know have GD&T Questions?

If so, you don't want to miss this event guaranteed to improve your efficiencies!!!

Dr Hetland has developed a proven and simplified approach to GD&T training. This course is great for the beginner or a refresher for someone with experience.

Class size is purposely limited so register now.
